

I am writing in regards to (LPMF) taking over FM stations. I listen to K-LOVE which is on a FM station. I would prefer that FM stations be allowed to remain. K-LOVE is very important to me, and a lot of other people. It reaches out to everyone in our community and a lot of other communities as well, also it may be the only christian music that a lot of people get to hear. Please allow the FM stations to remain as they are.
